

# Mental Health Quality Improvement and Clinical Innovation Forum

## Wednesday 17 May 2023

The Mental Health Quality Improvement and Clinical Innovation Forums take place at lunchtime to allow as many colleagues as possible to join in. A recording of this session is available to view [here](#).

### Monitoring of physical health in those prescribed antipsychotic medication at the Orchard Clinic: assessing compliance with guidelines and improving procedures

**Dr Robyn Canham & Dr Morven Baker**, presented their work on monitoring physical health in those prescribed antipsychotic medication at the Orchard Clinic: how they assessed compliance with guidelines and improved procedures. The presenters finished the presentation by discussing sustainability and next steps for this piece of improvement work. A copy of the presentation is available [here](#).

### Evaluation feedback received on this forum

100% enjoyed the forum and 50% think they can use what they heard to make changes in their area

Great presentations, interesting information and learning shared. Opportunity to ask questions

Great presenters and host

would have liked more description of QI tools used

timed well, great topics

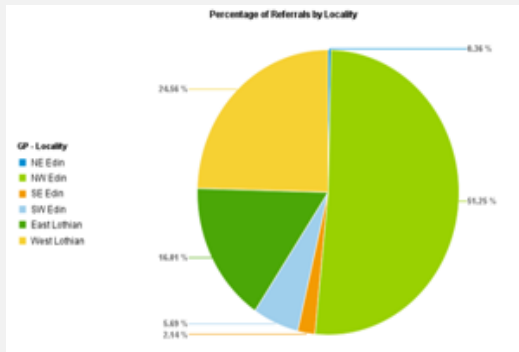

Very informative

very relevant presentations

...really interesting and hearing what QI tools that were used was helpful

### Reduce 'Redirected' Referrals into CAMHS

**Martyn Souter and Helen Thomson (CAMHS Tier 2 Team Leaders)** shared how they used Quality Improvement methodology to support the reduction of 'rejected' referrals into CAMHS and enable children and young people's access to timely mental health support. It was very positive to hear the progress and significant achievements made so far in this large piece of work. A copy of the presentation is available [here](#).

For more information about Quality Improvement support for your project, or if you would like to present your own project at a future forum, please contact the team at [qi.mentalhealth@nhslothian.scot.nhs.uk](mailto:qi.mentalhealth@nhslothian.scot.nhs.uk).

All lunchtime sessions are available through Microsoft Teams.
